To a really sweet and crazy guy I have known
for a long time. Who's got to know even better than
you as a friend, you as a friend. It's been great having
you as a friend, you as much fun as I did in
High school, in your next three years, and I hope you
have as many good memories too. Good luck in what
ever you do and try for in your coming future. Let's
in high school and out of school. I hope your life is
prosperous. Keep out of trouble if you can, but have
fun anyway.
Take care of yourself and may God Bless
You Always. In everyday of your life and in every

Dedication:

Time 1982 is dedicated to the graduation class of 1982 and to a teacher who means very much to students at Valley Union. He has served fifteen years teaching history, government, and Free Enterprise. In addition to his teaching responsibilities, he has given his time freely and enthusiastically to many student activities such as student council and athletics and has helped students achieve a successful and satisfying high school experience.

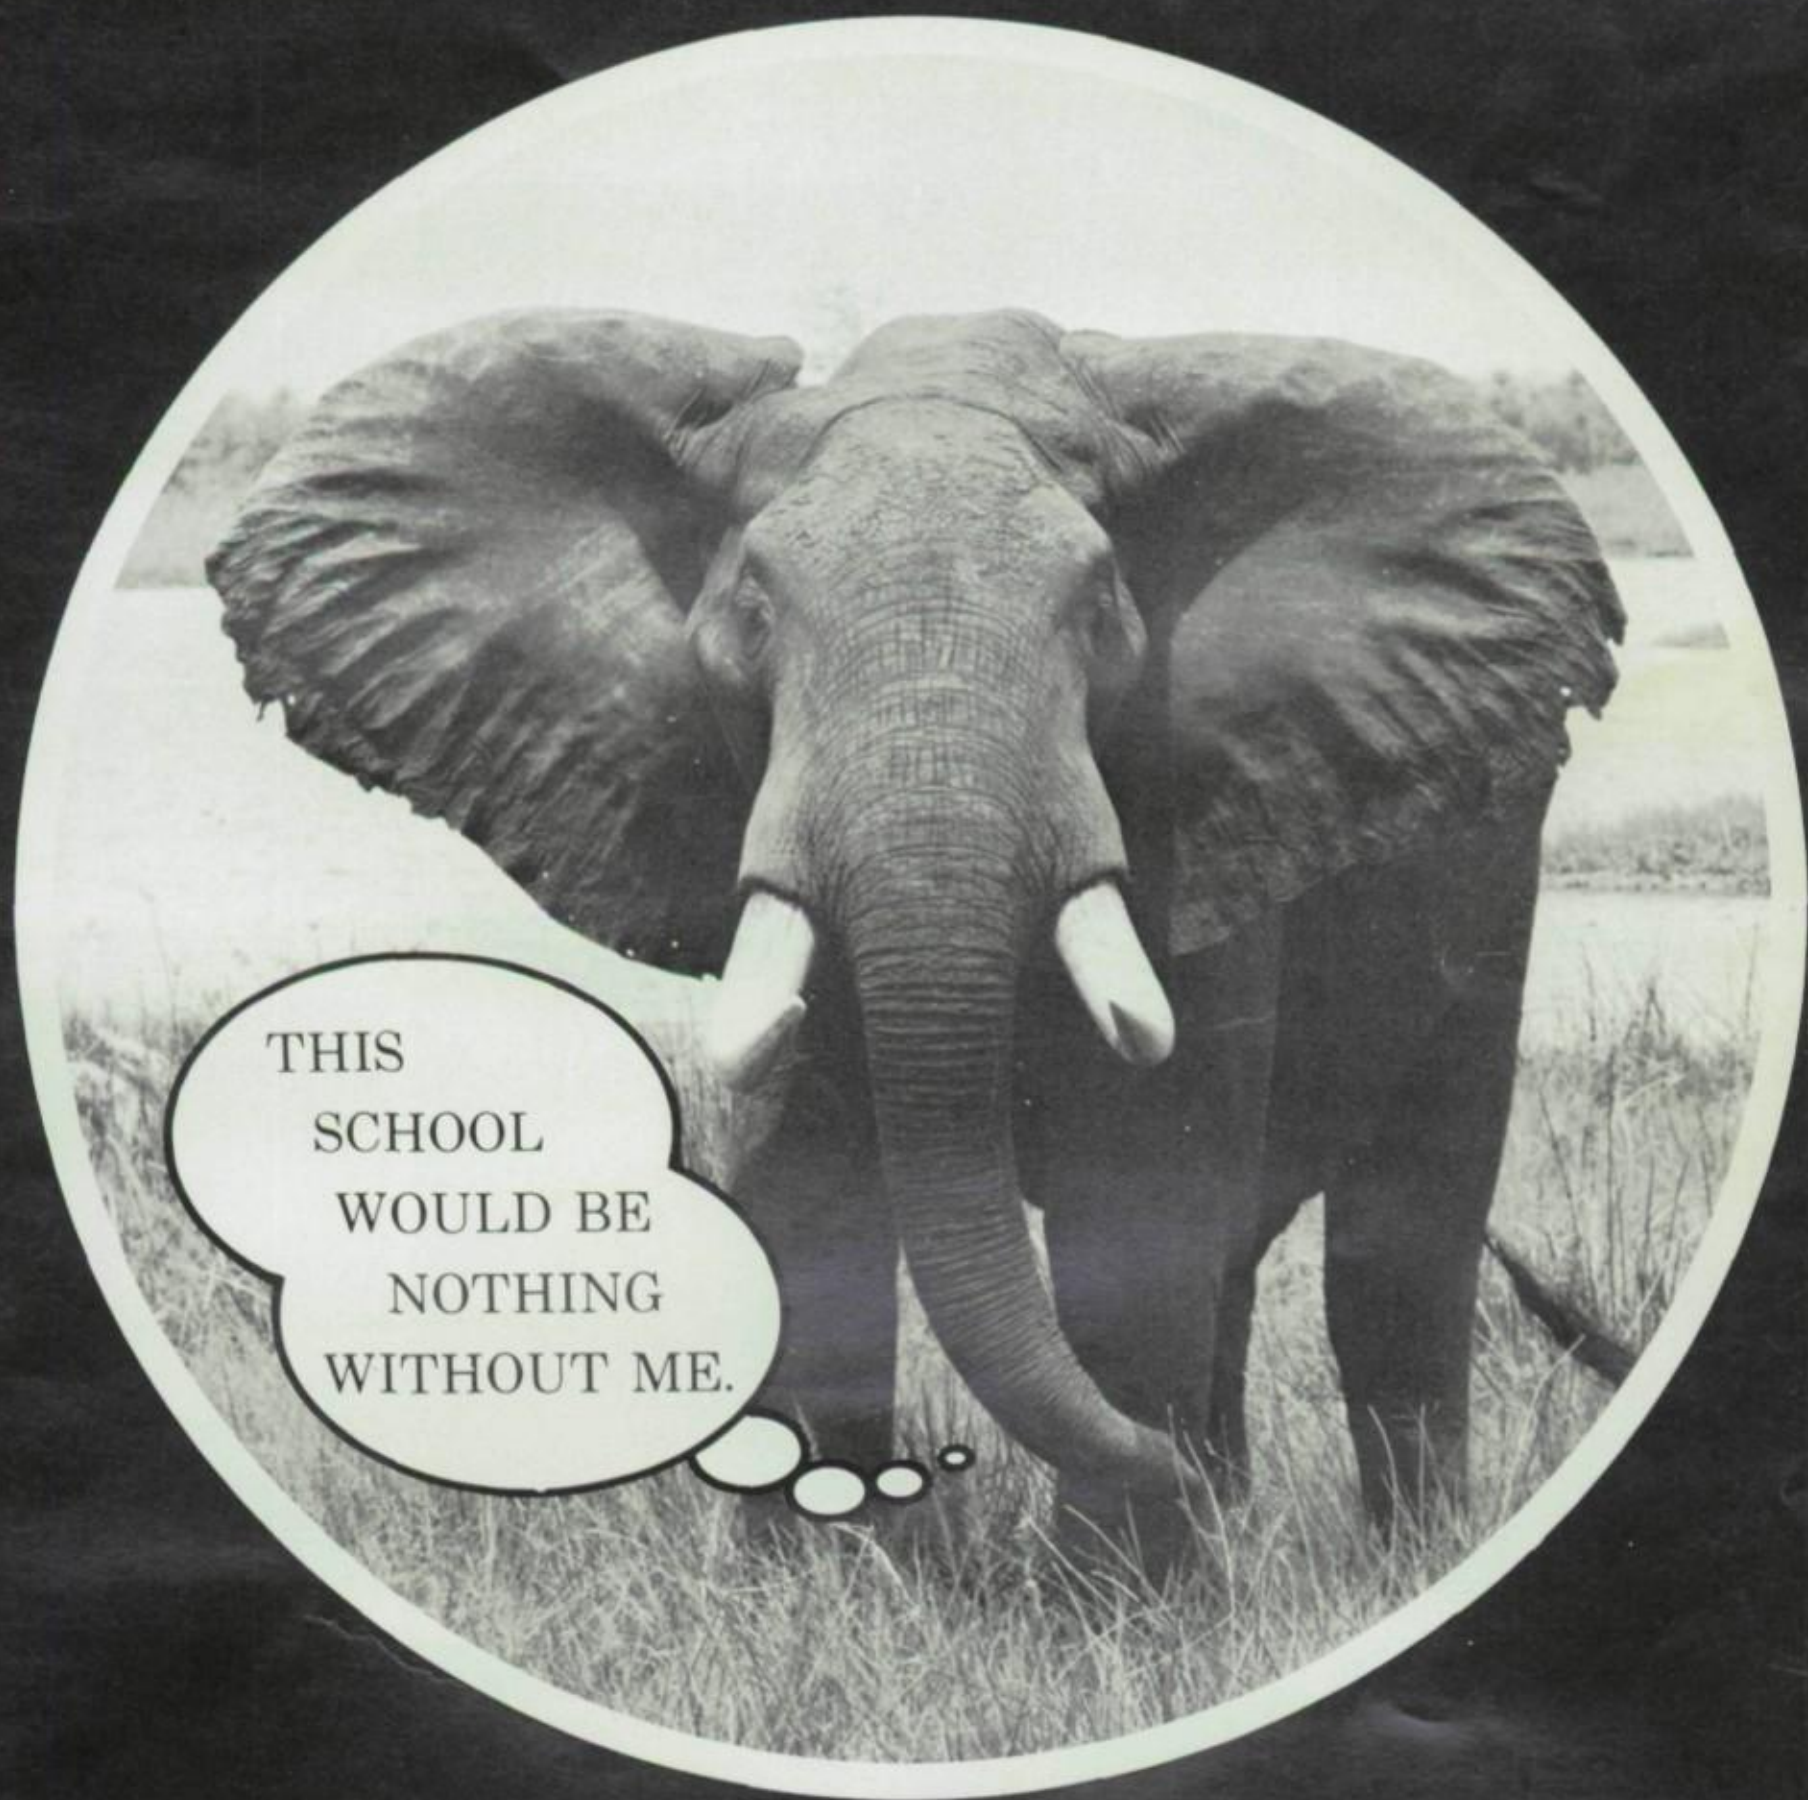

This dedicated teacher grew up in Radium, Kansas, and attended Radium Rural High School. Later he attended Fort Hays College, Kansas, and earned his B.A. and M.A. degrees from this institution.

The students at Valley Union High School express their appreciation to Mr. ROBERT L. HIEBERT and extend their best wishes for a continued career as rewarding as the past fifteen years' experience has been.

UNDERCLASSMEN

Juniors-1983 Time for the future

The Class of 1983 can now remember the thrill of the day in 1981 when they slipped their junior class rings on their fingers. They can feel themselves getting hoarse every time they recall trying to out-yell the senior class in a competition cheer. The most important memory of their junior years

was the feeling of belonging to a class who worked hard to put on the best prom. And now having completed their junior year, they can look forward with anticipation to the time when they will set foot in Valley Union High School as the pacesetters for the entire student body as the senior class.

Sophomores - 1984 Time for the future

The sophomores under the direction of Mr. Bishop and Mrs. Halloran, have progressed through this sophomore year. They have learned to work together as a class and to make a success of their endeavors by selling food and snacks at home games and by sponsoring a Halloween dance. They gained new and valuable experiences which will help them in the near future as juniors.

Freshmen-1985 Time for the future

The Freshmen now know what is meant by the phrase, "Time Flies". They represent the first stage of high school—the stage of a new beginning. Behind them is a year of ideas and concepts of learning. Ahead of them are three more years of

hard work, years in which they will expand and broaden their newly formed interests. The Freshmen will, in future years, have the responsibility of upholding the name of Valley Union High School.

Girls Athletic Association

Coach Willis, sponsor

The Girls Athletic Association was created to help the girls to become more united in their efforts in sports, and in friendship. Their efforts help raise spirit and unity at V.U.H.S. Unlike any other organization they strive to reach out and grasp goals farther up the ladder of success.

Under the leadership of Rosa Bojorquez as President, they organized many money-making projects to pay for equipment and trips. They have continually participated in spirit raising activities such as pep rallies and generally all over campus.

Each member participates to their fullest in sports and in other activities around campus. Mr. Willis, their sponsor, makes every activity possible not only on the court but also in their spare time. V.U.H.S. is proud of their outstanding achievements.

Gathered together in 1978, these idiots have come to the conclusion that they come from Venus and began celebrating the Moons of Meelsorb. They never seem to get lost because everyone tells them where to go as they wander through life trying to answer the eternal question, "Is it wetter under water when you're there and it rains?" Since then they have become timeless for being "almost there".

Valley Union Voice and Devil Times staff turns time into memories

The purpose of the yearbook is to serve the student body by providing a comprehensive record of the year. The yearbook staff's aim has been to make a good book that appeals to everyone.

Valley Union Voice is in its second year of publication, and throughout the year the staff has informed our students of important happenings on campus.

The varsity football team began its season with great expectations with a victory over Douglas JV. The season then began to taper off due to problems with injuries and disenchantment. Players tried to make a comeback with a very well played game which became a tear-jerker of a loss to Baboquivari 12-6 in the final second and against the Phoenix Indians 18-6. Even though they fell apart, the team still tried to pull through at the end of the season.

Girl's Volleyball - Time for challenge

Under the guidance of Coach Willis, our girls met the challenge of their opponents. Their teamwork and determination led the Devilettes to State. Our girls are strong and must be dedicated if they are to successfully overcome the challenges.

Our team would be incomplete without any one of the members. Each player has her own ability which she contributes for the benefit of the team effort.

Our Volleyball Team had a very successful season placing second in the B-East Tournament. At the end of the season, they ended with a record of 6-6.

Karla gave an outstanding performance during the Safford Invitational, and made the All-Tournament Team. Karla's performance was even more outstanding in the B-East Tournament as she gained the place upon the All-Conference First Team.

Rosa showed expertise in her skills which placed her on the All-Conference Second Team for the second year in a row.

The Devilettes proved once again, they could overcome the challenges.

Junior Varsity Volleyball - 1981

Valley Union's Junior Varsity Girls proved that they too could meet up to the challenges of inter-scholastic sports. With their new coach, Mrs. Sheppard, they show high promises for the future. Having great determination they are well on their way to varsity.

As always, our girls met up to the high standards left by the previous JV Team members, with a good 1981 season.

Girl's Varsity Basketball-1982

An important part of the Valley Union High School students' life is devoted to sports. Whether they are participating or merely observing, students have a great deal of pride in their own Devilettes. In any athletic contest both participants and spectators are forced to pay particular attention to time. It is a major, or even the only deter-

mining factor in the contest. Although the main purpose of high school, that of academic education, is accomplished in the classroom, it is important for the student body of Valley Union High School to enjoy themselves by taking TIME OUT FOR SPORTS!
